Quest
Northeast Conference

Mohegan Sun Resort - Uncasville, CT July 20-21, 2011

Hotel information Link: <http://www.questdirect.org/content/view/questnortheasthotel>

Event Website: <http://www.questdirect.org/content/view/northeastmain>

Quest, along with five key Northeast affiliate user groups, present two full days of education to PeopleSoft and JD Edwards customers in the Northeast, along with the opportunity to network with other customers, vendors targeted to your product plus Oracle representatives.

Link to Tentative Agenda --- <http://www.questdirect.org/content/view/northeastagenda>

Online Registration currently available: <http://www.questdirect.org/content/view/northeastregistration>

The Quest Northeast Conference offers over 100 PeopleSoft and JD Edwards' education sessions based on customer-selected hot topics like upgrades, product direction, BI, application optimizations and more.

This two-day conference is packed with plenty of content for both product lines and puts a key focus on networking and meeting the current needs within the two communities since it is a user-led conference. You'll have structured networking time outside of education classes and general sessions by Oracle and other leaders in the community.

Look forward to seeing you there,

Minardi Consulting Group
